ENERPAC UPgrade PROGRAM
GENERAL PURPOSE CYLINDERS

Cylinder Capacity ton (kN)	Stroke * (mm)	Model Number	UPgrade Buy Price (Excludes GST)
5 (45)	16	RC50	$376
	25	RC51	$414
	79	RC53	$446
	127	RC55	$481
	177	RC57	$553
	232	RC59	$611
10 (101)	26	RC101	$449
	54	RC102	$471
	105	RC104	$532
	156	RC106	$619
	203	RC108	$673
	257	RC1010	$728
	304	RC1012	$806
	356	RC1014	$864
15 (142)	25	RC151	$585
	51	RC152	$622
	101	RC154	$702
	152	RC156	$783
	203	RC158	$872
	254	RC1510	$966
	305	RC1512	$1,054
	356	RC1514	$1,140
25 (232)	26	RC251	$753
	50	RC252	$809
	102	RC254	$929
	158	RC256	$1,048
	210	RC258	$1,165
	261	RC2510	$1,303
	311	RC2512	$1,418
	362	RC2514	$1,537
30 (295)	209	RC308	$1,690
50 (498)	51	RC502	$1,367
	101	RC504	$1,513
	159	RC506	$1,660
	260	RC5010	$2,049
	337	RC5013	$2,342
75 (718)	156	RC756	$2,913
	333	RC7513	$4,517
95 (933)	50	RC1002	$2,919
	168	RC1006	$3,422
	260	RC10010	$3,924

*** For safety we recommend not to extend the cylinders past 80% of the stroke under load.**

WITH THE 3RD GENERATION COMES A TRIO OF KEY FEATURES...

NEW TRIO BEARING SYSTEM

- Includes up to **4 high-performance wear bands** that offer increased resistance to damage, reducing bearing load and increasing cylinder lifespan.
- Hardened composite material wear bands increase bearing surface area for greater sideload resistance - Significantly improving cylinder life.
- New high-performance Polyethylene seals last longer than ever, improving lifespan and keep you working for longer.

NEW TRIO STOP RING

- Part of the Trio Bearing System, the Trio Stop Ring includes an additional wear band or high-strength bronze to absorb greater side load
- Capable of taking full cylinder extension force
- Features durable wiper to help prevent contamination from entering the cylinder during retract cycles.

NEW TRIO SPRING SYSTEM

- Hybrid pre-tensioned return springs for up to **3x faster retraction** and increased productivity. (Only available on 50, 75 and 100 ton models)
- High-strength steel wire improves spring life
- Spring retention design improves serviceability while allowing higher pre-load during assembly
- Spring is easily removed without special tools.

Conditions to enter the UPgrade Program

1. To enjoy the **UPgrade** simply dispose of your old cylinder
2. Contact your Distributor/Enerpac TM for approval
