Hollow Plunger Cylinders RCH-Series

13 ton RCH123: $941 + GST
20 ton RCH202: $1509+GST
30 ton RCH302: $1742+GST
60 ton RCH603: $3429+GST

Better than 20% off trade price!

- Enerpac hollow plunger single-acting cylinders provide versatility in testing, maintenance and tensioning applications.
- Cylinders are nickel-plated, and the floating centre tube on models over 20 tons increases product life.
- Baked enamel finish for increased corrosion resistance.

Versatility in Testing, Maintenance and Tensioning Applications

Cylinder-Pump Sets

All cylinders marked with an * are available as **sets** (cylinder, gauge, couplers, hose and pump) for your ordering convenience.

Page: 62

Ultra-Lightweight Aluminium Cylinders

If you need a higher cylinder capacity-to-weight-ratio the lightweight **RACH-Series** are the perfect choice.

Page: 16

Saddles

Most RCH-Series cylinders are equipped with smooth saddles. See table at next page for optional threaded saddles and all dimensional information.

Page: 35

- **Hollow plunger design allows for both, pull and push forces**
- **Single-acting, spring return**
- **Nickel-plated, floating center tube on models over 20 ton increases product life**
- **Baked enamel finish for increased corrosion resistance**
- **Collar threads for easy fixturing**
- **RCH120 includes AR630 coupler and has 1/4" NPTF port**
- **RCH121 and RCH1211 have FZ1630 reducer and AR630 coupler, all other models feature CR400 coupler.**
